## **Afternoon Tea Menu**

### **Dorset Cream Tea**

*In Britain, tea became fashionable during the 18<sup>th</sup> century, partly due to the growth of English Tea Gardens, which served tea to musical accompaniment.*

*To quell the pangs of hunger that developed between luncheon and dinner, in 1840 the Duchess of Bedford served a selection of finger sandwiches, cakes and pastries, and afternoon tea became tradition.*

*At Summer Lodge, we traditionally serve our afternoon tea selection on etageres. Our restaurant team will arrive at your table to attend to your needs.*

*Simply decide whether you wish to indulge in our extravagant 'full afternoon tea', or classical Dorset 'cream tea', both of which are accompanied by your choice of blended tea or freshly ground coffee.*
